Mr. Paul Denu is also the President of New York Region for the Retirement Consulting division of USI Consulting Group. There are potential conflicts of interest in Mr. Paul Denu holding this role because a portion of the revenue that is directly related to his recommendations may increase his compensation.

USIA manages this potential conflict by fully disclosing to clients the total expenses of the product and compensation received by its affiliates for the sale of these products. They also limit Mr. Denu's recommendations to an approved list of investments and subject the approved investments to a due diligence process. Mr. Denu's recommendations will also be subject to the supervision and oversight delineated in USIA's Written Supervisory Procedures and will be tested for consistency with the client's financial goals and objectives as outlined in the supporting documentation provided by the client, including at time of acceptance as an advisory client. This documentation frequently includes a detailed

Investment Policy Statement adopted by the client and provided to USIA for purposes of formulating investment advice.

In addition, for certain clients subject to ERISA where USIA assumes a Fiduciary role with respect to its investment advice, total revenue received by affiliates for securities recommendations of Mr. Denu is subject to a reconciliation process that caps USIA's and Mr. Denu's compensation to no more than the advisory fees quoted to the client at the onset of the engagement.

Mr. Bob Cross is also the President of the Southeast and Midwest Region of USI Consulting Group. There are potential conflicts of interest in Mr. Bob Cross holding this role because a portion of the revenue that is directly related to his recommendations may increase his compensation.

USIA manages this potential conflict by fully disclosing to clients the total expenses of the product and compensation received by its affiliates for the sale of these products. They also limit Mr. Cross' recommendations to an approved list of investments and subject the approved investments to a due diligence process. Mr. Cross' recommendations will also be subject to the supervision and oversight delineated in USIA's Written Supervisory

Procedures and will be tested for consistency with the client's financial goals and objectives as outlined in the supporting documentation provided by the client, including at time of acceptance as an advisory client. This documentation frequently includes a detailed Investment Policy Statement adopted by the client and provided to USIA for purposes of formulating investment advice.

In addition, for certain clients subject to ERISA where USIA assumes a Fiduciary role with respect to its investment advice, total revenue received by affiliates for securities recommendations of Mr. Cross is subject to a reconciliation process that caps USIA's and Mr. Cross' compensation to no more than the advisory fees quoted to the client at the onset of the engagement.
